

## Pre-bid Clarification: RFP for Selection of an Implementation Partner for Startup Grand Challenge

Conference Room, 1<sup>st</sup> Floor, Vigyan Bhawan Annexe, Maulana Azad Road, New Delhi – 110001

WE Hub		
S. No.	Clarification Requested	Invest India Response
1	In the eligibility criteria it is mentioned that the bidding entity should be incorporated in 2017 or prior to this. WE Hub would like to request for relaxing this as it is a State-led incubation centre.	There shall be no change in the eligibility criteria.
Skyquest Technology Group		
1	We are an innovation management organization and deal with companies/ startups for Technology Scouting, I wanted to understand from you, what conflict of interest means in the RFP, as through our work we might have come across the technology in the past, however we have no relation or working with these companies – will it be still considered as conflict of interest – because as per us this would be synergy in work and experience in the field.	It is expected that the agency will not have the same team engage in a program of similar nature with other clients and will strictly enforce restrictions to prevent sharing of sensitive information between different teams, unless authorised by Invest India. This restriction will also apply on individual members of the team from the agency, and this will last for 12 months from the conclusion of the individual's work with Invest India on the engagement.
2	We plan to apply in consortium with an incubator partner and wanted to understand that if they animal husbandry startups incubated there would that be a conflict of interest?	Consortiums aren't allowed to apply for this RFP.
