

Outgoing number - DC / PA / 39/2020  
Office of the Development Commissioner,  
Block No. 16/2, Dr. Jivraj Mehta Bhavan,  
Gujarat State, Gandhinagar  
Date: 23/04/2020

To,

All District Development Officer,

**Subject: - Started with the approval of the Collector as per the guidelines of  
Lockdown-2, matter of allowing labourers working in industrial units to come and go  
from the village**

Mr.,

It is learned that with the implementation of Lockdown-2, approval is being given by the Collector for resumption of industrial units outside the urban area. They are not allowed to leave the village as they are living or even allowed to leave, were not allowed to return. This type of action is being taken to find out how many places the village Sarpanchs have decided to seal the village according to the methods of controlling the CORONA. But in case there is no case of CORONA in the village or the order to seal the village for containment zone or any other reason has not been issued by the Collector under the Disaster Management Act, let the industrial workers who work in approved industrial units come or go, that's not fair

It is duly informed to all the District Development Officers that with due permission of collector of rural territory, labor of operational industries to be permitted to leave the village of their residence and come back to their residence in the village after the completion of the duty. Hence, while doing this sarpach or administrative department can check the temperature through thermal gun or check symptoms of cold or cough etc. But the behavior of not letting anyone come or go cannot be tolerated. Except as informed earlier, the village have any containment zone or red zone declared or there is any case of corona.

It is to be informed about the matter as mentioned that immediately relevant villages are provided instruction and operational industries do not face any problem on the matter. As mention above, strict adherence to the instructions above is to be ensured by the district development officers.

Development Commissioner  
Gujarat State  
Gandhinagar
