New Centrally Sponsored Scheme

“Scheme for Formalisation of Micro food processing Enterprises (FME)”

Background:

The unorganized food processing sector in the country comprising nearly 25 lakh food processing enterprises which are unorganized and unregistered. With only 7% of investment in plant & machinery and 3% of outstanding credit, the unorganized enterprises contribute to 74% of employment (a third of which are women), 12% of output and 27% of the value addition in the food processing sector. Nearly 66% of these units are located in rural areas and about 80% of them are family-based enterprises.

The sector faces a number of challenges including the inability of the entrepreneurs to access credit, high cost of institutional credit, lack of access to modern technology and inability to integrate with the food supply chain and compliance with the health and safety standards.

To address these problems, through a comprehensive package of interventions, Government of India has approved an all India Centrally Sponsored Scheme “Scheme for Formalisation of Micro food processing Enterprises (FME)”

2. Aim:

(i) To modernize and enhance the competitiveness of the existing individual micro enterprises and ensure their transition to formal sector

(ii) To support FPOs/ SHGs/ Cooperatives for delivery of package of services, creation of common infrastructure along the value chain, ensure backward & forward linkages, branding & marketing, etc.

3. Objectives:

(i) Increase access to finance

(ii) Increase in revenues of target enterprises

(iii) Enhanced compliance with food quality and safety standards

(iv) Strengthening capacities of support systems
