

Eligibility Criteria for Plasma DONOR

YOU CAN DONATE PLASMA IF:

- Your Age is between **18-65** years.
- Your Weight is **50kgs** or above.
- You have a **prior diagnosis of COVID-19** (as documented by a diagnostic test)
- You have recovered from Covid-19 disease with complete resolution of symptoms at least **28 days before donation**

YOU CANNOT DONATE PLASMA IF:

- You have ever been pregnant (for women)
- You have uncontrolled diabetes or hypertension with change in medication in last 28 days
- You are a cancer survivor
- You have Chronic kidney/heart/lung/liver disease.

Consent

I understand that:

- Plasma donation is a voluntary act & no inducement or remuneration will be offered.
- My blood will undergo various screening tests required to ensure safety of the unit collected.
- My donated plasma may be given to patient (currently ill with COVID-19), who is likely to benefit from it.

I qualify the minimum criteria & give my consent on the above understanding for donating plasma.
