Subject: Guidelines on preventive measures to contain the spread of COVID-19 in offices/work places
Reference: Proceedings of the 79th meeting of State COVID-19–Technical Advisory Committee (TAC), Dept. of Health & Family Welfare held on Tuesday, 25th February 2021

1. Introduction

The offices and other workplaces are relatively close settings, with shared spaces like workstations, corridors, elevators & stairs, parking places, cafeteria/canteens, meeting rooms and conference halls, etc. and COVID-19 infection can spread relatively faster among officials, staffs and visitors.

There is a need to prevent the spread of infection and to respond in a timely and effective manner in case a suspect case of COVID-19 is detected in these settings and to limit the spread of infection.

2. Scope

This document outlines the preventive and response measures to be observed to contain the spread of COVID-19 in office settings. The document is divided into following sub-sections:

i. Generic preventive measures to be followed at all times

ii. Measures specific to offices

iii. Measures to be taken on occurrence of case(s)

iv. Disinfection procedures to be implemented in case of occurrence of suspect/confirmed Covid-19 case.

Offices in containment zones shall remain closed except for medical & essential services. Only those outside containment zones will be allowed to open up.

5th floor, Arogya Soudha, Magadi Road, Bengaluru-560023.
3. General preventive measures

The general preventive measures include simple public health measures that are to be followed to reduce the risk of infection with COVID-19. These measures need to be observed by all (employees and visitors) at all times. These include:

i. Individuals must maintain a minimum distance of 6 feet (or 2 meters) in common areas, as far as feasible.

ii. Compulsory use of face covers/masks at all times. They must be worn properly to cover both nose and mouth. Touching the front portion of mask/face covers to be avoided and the side bands on the ears shall be used to move the mask up and down.

iii. Practice frequent hand washing with soap (for at least 40-60 seconds) even when hands are not visibly dirty. Use of alcohol-based hand sanitizers (for at least 20 seconds) can be made wherever feasible.

iv. Respiratory etiquettes to be strictly followed. This involves strict practice of covering one’s mouth and nose while coughing/sneezing with a tissue/handkerchief/flexed elbow and disposing off used tissues properly.

v. Self-monitoring of health by all and reporting any illness at the earliest to the immediate supervisory officer.

vi. Spitting and nose blowing shall be strictly prohibited.

vii. Installation & use of Arogya Setu App by all employees is recommended

4. Specific preventive measures for offices:

viii. Entrance to have mandatory hand hygiene (sanitizer dispenser) and thermal screening provisions using a calibrated hand thermal scanner by a trained person.

ix. Only asymptomatic staff/visitors shall be allowed entry.

x. Any officer and staff residing in containment zone should inform the same to supervisory officer and not attend the office till containment zone is denotified. Such staff should be permitted to work from home.

xi. Drivers shall maintain physical distancing at all times particularly within rooms/spaces designated for drivers. They shall follow required do’s and don’ts related to COVID-19. It shall be ensured by the service providers/officers/staff that drivers residing in containment zones shall not be allowed to drive vehicles.

xii. There shall be provision for disinfection at-least twice a day of the interior of the vehicle using 1% sodium hypochlorite solution/spray. A proper disinfection of frequently touched surfaces i.e. steering, door handles, keys, etc. should be taken up using alcohol swipes or 5% Lysol.
Advise all employees who are at higher risk i.e. older employees, pregnant employees and employees who have underlying medical conditions, to take extra precautions. They should preferably not be exposed to any front-line work requiring direct contact with the public.

All officers and staff / visitors to be allowed entry only if using face cover/masks. The face cover/mask has to be worn at all times inside the office premises.

Visitors with proper permission of the officer, whom they want to meet, should be allowed after being properly screened.

Meetings, as far as feasible, should be done through video conferencing.

Posters/standees/AV media on preventive measures about COVID-19 to be displayed prominently.

Proper crowd management in the parking lots and outside the premises – duly following physical distancing norms is ensured.

Valet parking, if available, shall be operational with operating staff wearing face covers/ masks and gloves as appropriate. A proper disinfection of steering, door handles, keys, etc. of vehicles should be taken up.

Any shops, stalls, cafeteria/canteen, etc., outside and within the office premises shall follow physical distancing norms at all times.

Specific markings shall be made with sufficient distance to manage the queue and ensure physical distancing in the premises.

Proper cleaning and frequent sanitization (at-least twice a day) of the workplace, particularly of the frequently touched surfaces must be ensured.

Ensure regular supply of hand sanitizers, liquid soap in wall mounted dispensers and running water in the washrooms.

Number of people in the elevators shall be restricted, duly maintaining physical distancing norms for which purpose proper marking be made on the floor of the elevators.

For air-conditioning/ventilation, the guidelines of CPWD shall be followed which mentions that the temperature setting of all air conditioning devices should be in the range of 24-30°C, relative humidity should be in the range of 40-70%, intake of fresh air should be as much as possible and cross ventilation should be adequate.

Large physical gatherings continue to remain strictly prohibited.

Effective and frequent sanitation within the premises shall be maintained with particular focus on lavatories, drinking and hand washing stations/areas.
xxviii. Cleaning and regular disinfection (using 1% sodium hypochlorite) of frequently touched surfaces (doorknobs, elevator buttons, handrails, benches, washroom fixtures, etc.) shall be done in office premises and in common areas at-least twice a day.

xxix. Proper disposal of face covers / masks / gloves left over by visitors and/or employees in covered bins shall be ensured.

xxx. In the cafeteria/canteen/dining halls:
   a. Mandatory placement of hand sanitizers at the entrance to ensure personal hygiene.
   b. Staff to check their temperature regularly and check for respiratory symptoms. They must see a doctor if feeling unwell or having flu-like symptoms.
   c. Adequate crowd and queue management to be done to ensure physical distancing norms for which purpose markings be made on the floor of cafeteria/canteen/dining halls.
   d. Staff / waiters to wear mask and hand gloves and take other required precautionary measures.
   e. Compulsory RT-PCR testing of all the staff/waiters shall be done every fortnightly. Only those with a negative RT-PCR certificate shall be allowed to work.
   f. The seating arrangement to ensure a distance of at least 6 feet between patrons as far as feasible.
   g. In the kitchen, the staff shall follow physical distancing norms, compulsory wearing of face mask. Those with respiratory symptoms like fever, cough, cold, throat pain, difficulty in breathing, etc. shall strictly be barred from work and advised to seek immediate medical consultation and undergo Covid-19 testing.

5. Measures to be taken on occurrence of case(s):
   Despite taking the above measures, the occurrence of cases among the employees working in the office cannot be ruled out. The following measures will be taken in such circumstances, when one or few people(s) who share a room/close office space is/are found to be suffering from symptoms suggestive of COVID-19:
   a. Place the ill person in a room or area where they are isolated from others at the workplace. Provide a mask/face cover till such time he/she is examined by a doctor.
   b. Immediately inform the nearest medical facility (hospital/clinic) or call the state or district helpline.
   c. A risk assessment will be undertaken by the designated public health authority (district RRT/treating physician) and accordingly further advice shall be made regarding management of case, his/her contacts and need for disinfection.
   d. The management of cases and contacts will be done as per the existing state protocol.
6. Management of premises

i. If there is one or two cases reported, the disinfection procedure shall be limited to places/areas occupied and visited by the patient in past 48 hours and work can be resumed after disinfection as per laid down protocol.

ii. In case of larger number of cases (5 or more) are being reported at the workplace, the whole block or building, as the case may be, should be considered as 'Containment Zone' as per the current Guidelines of GoK & further necessary steps should be taken as per the same.
