Operationalized in early 2010, the Agency has been set up as the dedicated investment promotion agency (IPA) for attracting investments into the country in a structured, focused and comprehensive manner.
Invest India is the first point of reference for foreign investors, and investment promotion and facilitation constitute the core mandate of the Agency. Its services include providing quality input and support services to Indian and overseas enterprises — through granulated, sector- and state-specific information, assistance with location identification, expedition of regulatory approvals, facilitation of meetings with relevant government officials, organization of investment road shows and roundtables, and aftercare services that include initiating remedial action on problems faced by investors by involving the government department concerned.

2.1 Introduction

2.1.1 Invest India named in the Data Sheet will select a bidder in accordance with the method of selection specified in the Data Sheet.

2.1.2 The short-listed bidders are invited to submit a proposal in two parts - the Technical part and the financial part sealed separately, as specified in the Data Sheet, for services required for the assignment named in the Data Sheet. Late bids i.e., bids received after the specified date in the data sheet will not be considered. The Proposals submitted will be the basis for signing the contract with the selected bidder.

2.1.3 The Bidders are required to familiarize themselves with the local conditions and take them into account while preparing their proposals. To obtain first-hand information on the assignment and local conditions, bidders are advised to attend a pre-bid conference as specified in the Data Sheet. Attending the pre-bid conference is optional. Bidders should contact Invest India’s representative named in the Data Sheet to obtain additional information on the pre-bid conference.

2.1.4 Bidders shall bear all costs in connection with the preparation and submission of their proposals, attending pre-bid conference, etc.

2.1.5 Invest India may accept or reject any proposal in its discretion and may ask for any additional information or vary its requirements, add to or amend the terms, procedure and protocol set out in RFP for bonafide reasons, which will be notified to all the Bidders invited to tender. Further Invest India hereby reserves its right to annul the selection
process at any time prior to the contract award without incurring any liability towards the Tenderers.

2.2 Documents part of RFP

2.2.1 The Request for Proposal (RFP) document for the project consists of the following sections:

- Section 1 - Letter of Invitation
- Section 2 - Instructions to Bidders (including Data Sheet)
- Section 3 - Technical Proposal - Standard Forms
- Section 4 - Financial Proposal - Standard Forms
- Section 5 - Terms of Reference
- Section 6 - Standard Form of Contract

2.2.2 The prospective bidders are expected to examine all instructions, forms, terms, project requirements, and other information in the RFP documents. Failure to furnish all information required as mentioned in the RFP documents or submission of a proposal not substantially responsive to the RFP documents in every respect will be at the prospective bidder’s risk and may result in rejection of the proposal.

2.3 Fraud / Corruption

2.3.1 Invest India requires that the bidders participating in the selection process adhere to the highest ethical standards, both during the selection process and throughout the execution of the Contract. In pursuance of this policy, Invest India defines, for the purpose of this paragraph, the terms set forth as applicable to both the parties:

“corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value (whether in cash or kind) to influence the action of a public official in the selection process or in Contract execution.

“fraudulent practice” means a misrepresentation or omission of facts in order to influence a selection process or the execution of a Contract.
“collusive practices” means a scheme or arrangement between two or more bidders with or without the knowledge of Invest India, designed to establish prices at artificial, noncompetitive levels.

“coercive practices” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in a procurement process or affect the execution of a Contract. Invest India will reject a proposal for award if it comes to know that the bidder recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for the Contract in question; and

2.3.2 Invest India will terminate the Contract, if already awarded and will declare the bidder ineligible, either indefinitely or for a stipulated period of time, to be awarded a Contract, if at any time it determines that the bidder has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for, or in executing, a Contract.

2.3.3 Bidders shall be aware of the provisions on fraud and corruption prescribed in the specific clauses in the General Conditions of Contract.

2.3.4 Bidders shall furnish information on commissions and gratuities, if any, paid or to be paid to agents relating to this proposal with details of name and address of agents, amount, and purpose, during contract execution as per details in the Financial Proposal submission form (Section 4).

2.5 Proposal Validity

2.5.1 The Data Sheet indicates how long Bidders’ proposals must remain valid after the submission date. During this period, Bidders shall ensure the availability of professional staff nominated in the Proposal. Should the need arise, Invest India may request Bidders to extend the validity period of their proposal further by 60 days. Bidders who agree to
such extension shall confirm that they maintain the availability of the professional staff nominated in the Proposal, or in their confirmation of extension of validity of the Proposal, Bidders could submit new staff in replacement, which would be considered in the final evaluation for Contract award. Bidders, who do not agree, have the right to refuse to extend the validity of their proposals.

2.6 Clarification and Amendment of RFP Documents

2.6.1 Bidders may request for clarifications on any part of the RFP documents up to the number of days indicated in the Data Sheet before the proposal submission date. Any request for clarification must be sent in writing, or by standard electronic means to Invest India’s address indicated in the Data Sheet. Invest India will respond in writing, or by standard electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Bidders. Should Invest India deem it necessary to amend the RFP as a result of a clarification, it shall do so by the following procedure.

2.6.2 At any time before the submission of Proposals, Invest India may amend the RFP by issuing an addendum in writing or by standard electronic means. The addendum shall be uploaded on the Invest India website and will be binding on them. To give Bidders reasonable time in which to take an amendment into account in their Proposals, Invest India may, if the amendment is substantial, extend the deadline for the submission of Proposals.

2.6.3 Pre-bid conference: Pre bid conference will be held as specified in the Data Sheet for clarifying issues and doubts, if any, concerning the subject matter of study. Inputs from the prospective bidders will also be sought if considered necessary.

2.23 Evaluation of Technical Proposals

2.23.1 Proposals which are not supported by adequate proof of the Signatory’s Authority or are not accompanied by an EMD and Bid Processing Fees will not be evaluated.

2.23.2 The Evaluation Committee shall evaluate the technical proposals only for those bidders who satisfy the pre-qualification criteria as referred in clause no. 3 of data sheet. The technical proposals will be evaluated on the basis of their responses to the Terms of Reference, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet. Evaluations will be based on documentary evidence submitted by the bidder with respect to pre-qualification / evaluation / selection criteria. Each responsive proposal will be given a technical score (Ts). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet. The Technical proposals which are unsigned and incomplete shall not be evaluated.

2.23.1 The proposal shall be rejected if bidder does not fulfill the eligibility criteria or the validity period of the proposal is less than 120 days.

2.23.2 During the process of evaluation of the technical proposal, the bidder will be required to make presentation on its Proposal covering Experience/ Technical Proposal including Implementation Methodology, Team Composition, Work Schedule, and Activity Schedule. The date and time of the presentation will be intimated individually.

2.24.1 After the technical evaluation is completed, the qualified bidders shall be informed about the time and location for opening the Financial Proposals. Bidder’s attendance at the opening of Financial Proposals is optional but it shall be recorded and signed by all present.

2.24.2 Financial Proposals shall be opened publicly in the presence of the technically qualified bidders’ representatives who choose to attend. The name of the bidders whose technical proposal is found responsive (i.e., identified benchmark) shall be read out. The Financial Proposal of the bidders who meet the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals of the bidders who meet the qualifying mark as indicated in the Data Sheet shall be then opened, and the prices read aloud and recorded.

2.24.3 Financial proposals of only those bidders will be evaluated, who secure a minimum of 70% marks in the technical evaluation. The proposal with the lowest total bid value (Part A and Part B) as given in FORM FIN 2 shall be given a financial score of 100 and other proposals given financial scores that are inversely proportional to their total bid value.

2.25 Combined Evaluation

2.25.1 Based on the criteria in item No. 20 of Data Sheet-Part II the combined score shall be obtained by weighing the technical and financial scores in the ratio of 70:30 and adding them up. On the basis of combined weighted score for technical and financial, the bidder shall be ranked in terms of total score obtained. The proposal obtaining the highest combined score in evaluation will be ranked as H-1 followed by the proposals securing lesser marks as H2, H3, etc. **The bidder securing the highest combined marks will be considered for award of the contract.**

**Example:**
As an example, the following procedure will be followed. The minimum qualifying marks for technical qualifications are 70 and the weightage of the technical bids and financial bids is kept as 70:30. Assuming that in response to the RFP, 3 proposals, A, B & C are received. The technical evaluation committee awards them 75, 80, and 90 marks respectively. The
minimum qualifying marks are 70. All the 3 proposals are, therefore, found technically suitable and their financial proposals will be opened after notifying the date and time of bid opening to the successful participants. Assuming that the evaluation committee examines the financial proposals and the quoted total bid values are as under:

<table>
<thead>
<tr>
<th>Proposal</th>
<th>Total Bid Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Rs.120</td>
</tr>
<tr>
<td>B</td>
<td>Rs.100</td>
</tr>
<tr>
<td>C</td>
<td>Rs.110</td>
</tr>
</tbody>
</table>

Using the formula \( \frac{LTBV}{TBV} \), where \( LTBV \) stands for Lowest Total Bid Value and \( TBV \) stands for Total Bid Value, the committee will give them the following points for financial proposals:

- \( A \) : \( \frac{100}{120} = 83 \) points
- \( B \) : \( \frac{100}{100} = 100 \) points
- \( C \) : \( \frac{100}{110} = 91 \) points

In the combined evaluation, thereafter, the evaluation committee will calculate the combined technical and financial score as under:

- Proposal A : \( 75 \times 0.70 + 83 \times 0.30 = 77.4 \) points.
- Proposal B : \( 80 \times 0.70 + 100 \times 0.30 = 86 \) points
- Proposal C : \( 90 \times 0.70 + 91 \times 0.30 = 90.3 \) points.

The three proposals in the combined technical and financial evaluation will be ranked as under:

- Proposal A: 77.4 points: H3
- Proposal B: 86 points: H2
- Proposal C: 90.3 points: H1

Proposal C at the total bid value of Rs.110 will, therefore, declared as winner and recommended for approval, to the competent authority.

In the event of a tie in the final scores, the agency having the lower financial quote amongst the two would be given preference.
2.26 Information

2.26.1 Information relating to evaluation of Proposals and recommendations concerning awards shall not be disclosed to the bidders who submitted the Proposals or to other persons not officially concerned with the process. The undue use by any bidders of confidential information related to the process may result in the rejection of its Proposal and may adversely affect its future prospects.

2.27 Taxes

2.27.1 The bidder shall include in Bid Price all local taxes and duties as applicable on amounts payable by the Agency under the Contract. All taxes, duties and other impositions as applicable in India shall always be deemed to be included in the Financial Proposal.

2.27.2 The Financial Proposal shall include all commercial implications and all applicable taxes should also be included in the Financial Proposal.

2.28 Award of Contract

2.28.1 The bidder securing the highest combined score will be considered for award of Contract.

2.28.2 Invest India shall award the Contract to the selected bidder by issue of Letter of Award (LOA) and notify the same on Invest India website.

2.28.3 The selected bidder is expected to commence the assignment on the date and at the location specified in the LOA/ Contract.

2.28.4 If the selected bidder does not sign the Contract within the stipulated period or does not submit the Performance Guarantee within time, the LOA may be cancelled and the bidder securing the next higher combined marks will be considered for award of Contract.

SECTION 5: TERMS OF REFERENCE

5.1 Introduction

5.1 Introduction

5.1.1 About Invest India

Invest India is set up as a nonprofit venture under the DPIIT, Ministry of Commerce and Industries, Government of India. Operationalized in early 2010, the Agency has been set up as the dedicated investment promotion agency (IPA) for attracting investments into the country in a structured, focused and comprehensive manner.

Invest India is the first point of reference for foreign investors, and investment promotion and facilitation constitute the core mandate of the Agency. Its services include providing quality input and support services to Indian and overseas enterprises — through granulated, sector- and state-specific information, assistance with location identification, expedition of regulatory approvals, facilitation of meetings with relevant government officials, organization of investment road shows and roundtables, and aftercare services that include initiating remedial action on problems faced by investors by involving the government department concerned.

The Strategic Investment Research Unit (SIRU) at Invest India specializes in producing best-in-class periodicals, journals, research documents, and online and offline information dockets providing world class ease of comprehension and quality of policy and data on the Indian economy aimed at both government and non-government stakeholders.

5.1.2 Project Details

Invest India will prepare and understand the requirements, collect data and provide an in depth understanding of FDI Policy in India by providing regular white papers and creative briefs.

In line with India’s status as one of the key foreign direct investment (FDI) destinations in the world, there has emerged an urgent need to analyze several critical aspects of FDI policy and data. The research project detailed below covers vital aspects of the understanding the inflow/outflow,
sectoral analysis, grassroots impact, impact on R&D and technology transfers, by dissecting FDI data from India, and in comparison, to relevant data from other countries.

To fulfil the requirement, Invest India hereby proposes to engage a vendor in order to assist Invest India for the project listed below.

5.2 Scope of Work and Deliverables

This project entails an in-depth analysis of royalty transfers from India in the top 20 companies across 7 key sectors like Automobile, Defence, Pharmaceuticals, FMCG, IT/es, manufacturing, and Construction (2001-2009, and 2009 to present day). Moreover, the duration of this study should be between 8-12 weeks with a fortnightly progress review. This research shall encompass:

- Future of royalty structure policy in India to attract high-end technology transfers (current rates versus suggested rates)
- SWOT analysis of current royalty transfer policy in the country relating to all Intellectual Property Rights including Taxation, IPR and FEMA laws/policies.

This study aims to understand a historical perspective, and current situation, on the transfer of royalty payments in select sectors and a comparative analysis of transfer of technology relative to royalty payments from India.

Mapping royalty payments from a pre-defined set of companies from a pre-defined set of economic sectors, this study seeks to understand the process, need, and quantum of royalty payments from India.

The broad contours of the process of the study are as follows:

- Identifying criteria for selection of companies in each sector such as outflow of royalty, turnover and technology transfer
- Data mining on royalty payments (including historical data)
- Examine current royalty payment policy in India relating to all Intellectual Property Rights including Taxation, IPR and FEMA laws/policies.
• Interviews with companies and relevant agencies (government and non-government) to gather the relevant royalty and technology transfer information.

• Correlating the royalty and technological transfer data/information, taking into account factors such as value addition and turnover.

• Inter-country comparison including taxation policies of royalty payments.

• Examine Royalty outgo with twin issues of Tax implications and implications for Minority Shareholders.

• Suggest policy interventions.
